Invitation to ASML PhD Master Class 2026 | Spring Edition

Masterclasses <masterclasses@asml.com>

Fri, Feb 20, 2026 at 7:57 AM

Thank you for your registration for the ASML PhD Master Class 2026 | Spring edition.

With this email, we are delighted to confirm your invitation to this event at ASML Headquarters in Veldhoven!

We will provide the first details for your participation, and we ask you to officially **register** for the event via the registration tool (link below). Please read this e-mail carefully.

The program

Attached to this e-mail you can find more details on the program. All times are in CET. You will receive a briefing with more details on the program by the end of next week, after official registration.

NDA & Photos

During the event, you may receive access to certain confidential information belonging to ASML. Because ASML wishes that this confidential information remains protected and that all rights in inventions based on such confidential information remain vested in ASML, you will be asked to sign an appropriate agreement before the commencement of the PhD Master Class. Signing and uploading this form is obligatory when you confirm your attendance to the event.

Additionally, we would like to take photos during the masterclass. This material may be used in the future to promote ASML or ASML initiatives. Because we value your privacy, we ask you to explicitly give your consent to use material in which you may be visible and / or recognizable.

Both the NDA and the consent form can be found in the registration tool.

Accommodation & Travel

Since the PhD Master Class is a three-day program, we offer hotel accommodation to limit travel for those living further from Veldhoven. The hotel is next to the Eindhoven Central Station. A shuttle bus will leave from here as well; you are welcome to use this service even if you are not staying at the hotel. In the registration tool, you can let us know which facilities you would like to make use of.

Aside from the shuttle services, you are requested to arrange the transportation to Eindhoven CS / the hotel yourself. Make sure you save the receipts of your travel expenses so that we can reimburse these costs after the event (up to 100 Euros if your residence is within the Netherlands and up to 300 euros if your residence is outside of the Netherlands). If this budget is insufficient, please inform us as soon as possible via masterclasses@asml.com. More information about reimbursement will follow.

When a Visa is required for you to visit the Netherlands, please let us know if you need any documents from our side (e.g. invitation letter). Please keep in mind that the visa process can take some time at the embassy and for us to produce the necessary documents, so please start arranging this as soon as possible and keep us informed. Please send all the required documents to masterclasses@asml.com.

Engagement event

As mentioned in our earlier messages, the focus of this masterclass is both for you to get to know more about the company and for us to get to know more about you and your (future) ambitions. To manage expectations, we want to stress again that there is no recruitment aspect involved in this event, meaning that there is no purpose of matching you to any open vacancies on the short term.

Confirm your attendance!

Please confirm your attendance before February 25, 23:59 via [this link](#).

More details will be shared via a briefing by the end of next week, after your registration. If you have any questions, concerns, or remarks, do not hesitate to contact us.

We are looking forward to meeting you!

Kind regards,
Laura de Swart

ASML
